Third Party Invite

1. Once the visit has started, click the purple invite button in the top right of the screen.

A screenshot of a patient information form. In the top right corner, there is a purple button labeled "Invite to Visit". Below this, a box titled "Patient" contains the following information: Name: Jessica Test, DOB: 4/30/20, Allergies: (blank), and Other: (blank).

2. Next, a box will appear and ask for email, name, and user type. Fill in with correct information and please note the email address must be in all lowercase letters. Then, click the green invite to visit button.

A screenshot of a mobile application form titled "Invite to Visit". The form contains the following fields: "Email *" (text input), "First Name *" (text input), "Last Name *" (text input), and "User Type *" (dropdown menu). Below the dropdown menu, there is a red error message: "Please choose the type of user". At the bottom of the form, there are two buttons: a green "Invite to Visit" button and a white "Cancel" button with a green border.

3. The third party will receive the invitation via email and will click the word here to join the telemedicine visit.

You have been invited to join an in-progress telemedicine visit with Dr. Laura Smith MD

Please click [here](#) to join the visit now.

4. Once the third party has joined the visit, all three users will appear in the visit.

The screenshot displays a telehealth interface for a patient named Jessica Test. At the top, there is a progress bar with five steps: Review, Start Chat, Begin Visit, End Visit, and Complete. The patient's name, "Jessica Test", is prominently displayed. Below the name, there are fields for "VIDEO INPUT SOURCE" (set to "402 Pro Stream Webcam (0461050)") and "Patient" information, including "Name: Jessica Test" and "DOB: 3/25/15". There are also sections for "Allergies", "Other:", "Visit info", "Symptoms", and "Current Medications". A "Invite to Visit" button is visible in the top right corner. The main area features a large video feed of the patient, with a smaller thumbnail of another participant in the bottom right corner. A bottom bar shows a larger thumbnail of the patient and a smaller thumbnail of another participant, indicating that all three users are present in the visit.
