Resume Visit

If you find yourself kicked out of a telemedicine visit, there is an easy way to jump back in. As long as the provider stays in the virtual visit, you can select the Resume Visit button to continue where you left off.

- Log back into your Anytime Pediatrics's account

- Once you are logged in, you will see your Child's account on your home page. Next to your child's name will be the resume visit button. Once you click that button, it will bring you right back to your telemedicine visit with your clinician.

Children

| Name | Date of Birth | Gender | | | |
|------------|---------------|--------|--------|------|--------------|
| Joey Smith | 01-01-2020 | Male | Remove | Edit | Resume Visit |
