How to enable or disable SMS or Email Notifications

- Once logged into the portal, click on the Clinician tab.

- Select the name of the user who wants to change their notification settings.

- Look at the bottom of the Edit Clinician box and un-check/check the SMS or Email box. Then, click the green save button.

☐ USE EMAIL?

☐ USE SMS?

☒ USE PUSH?

☐ CLICK CHECKBOX TO DEACTIVATE USER!

- You will also have the ability to enable or disable push notifications which send alerts to your mobile

device when a patient has entered your waiting room.

Please note that only admin and super users have the ability to edit clinician settings.
