Hot Minute Tips - Instant Invite

Instant Invite is the EASIEST way to get your patients into a telemedicine visit with their provider. Simply text or email a link to the patient to begin a visit.

Watch the 60-second video below to learn how to send an Instant Invite to your patients.

Your browser does not support HTML5 video.

Here are just a few reasons to use instant invite.

- You notice the patient is not in your virtual waiting room at the time of their scheduled appointment. Send an instant invite to remind them and bring them immediately into your waiting room.

- Someone who is not the Anytime Pediatrics account holder needs a telemedicine visit for the child. Instant invites can be sent to any phone number or email!

- A clinician is on call and wants to convert a phone call into a billable telehealth encounter.
