

# How to make a phone call on the Anytime Clinician App

Last Modified on 10/02/2023 12:53 pm EDT

Follow the steps below to learn how to make an outbound phone call on the Anytime Clinician App

- Download the Anytime Clinician App from the Apple Store or the Google Play Store
- Log in using your current credentials
  - If you are unsure what your credentials are, reach out to our [customer service department](#) to verify if your account has been established.
- Once you are logged in, click on the waiting room icon in the bottom left corner of your screen

- Select the Phone Icon in the top right corner

- Search for the patient that you would like to call
